

Full Paper Submission

Accepted abstracts can be followed by the submission of full papers, which will be reviewed for inclusion in the conference CD-ROM proceedings with ISBN and could be further reviewed for possible publication in special issues of authorized journals related to POM soon after the conference. The submission of full paper is not compulsory for presenting a paper, but is optional.

Full papers must be received by March 31, 2008, and should conform to the format and length requirements as specified in the [instructions](#). A template can be downloaded [here](#).

Note that the instructions for POM Tokyo 2008 Proceedings are the same as those for the 15th International Annual EuroMA Conference Proceedings except for the maximum page length of 16 pages and the submission only in PDF format. Full papers will be accepted on the understanding that the manuscript is an original work and has not been copyrighted, published, or accepted for presentation at any other conference.
